Dear Sir:

AMENDMENT

In response to the Office Action dated April 15, 2005, please consider the following remarks on the above-identified patent application as follows.

Introductory Comments:

In the Office Action, claims 1 and 5-8 are objected to because of informalities. The Examiner rejected claims 1-8 under 35 U.S.C. section 102(e) as being anticipated by Leung (U.S. Patent Number 6,501,746). The Examiner also rejected claims 1-8 under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1, 2, 5, 1, 6, 7, 8 and 7 respectively of U.S. Patent no. 6,829,483 to Chen.
